IN CASE OF EMERGENCY, CALL 760.934.0611 ⊕
If you do not have a phone, notify a lift operator or any uniformed employee of the nature of the injury, as well as a description and location of the injured person.

AVALANCHE RESCUE SYSTEM
Ski Patrol utilizes standard 457 kHz avalanche transceivers and the RECCO avalanche rescue system to facilitate rapid location of burials. Neither of these systems prevent avalanches or guarantee location or survival. To avoid accidents, become informed of potential hazardous areas, use common sense, and always ride with a buddy on powder days.

SKI PATROL
To report safety issues or emergencies, look for Ski Patrol in the red jackets or call 760.934.0611.

HOSTS
For assistance and safety tips, look for Mountain Hosts with the yellow patch on their jackets.
